

**RESIDENCE CHAMBERS.**—We observe that the advantages of combination in residences, which have been remarked upon in various numbers of *THE BUILDER*, have been in contemplation in Manchester, under the form of "Bachelors' Chambers." The number of young men, who resort to that town from all parts, and who are at once debarred from the comforts of a home, and obliged to resort to solitary and expensive lodgings, renders this kind of arrangement desirable there, as in the metropolis. The *Manchester Guardian* states, that extensive ranges of healthy sleeping-rooms, a general breakfast-room, baths, &c., on reasonable terms, form the main feature in the scheme. "To ensure somewhat of the order and regularity of a family home, it is proposed to appoint a superintendent, and a general committee of management, and to have a code of rules, and regulations. An eligible site has been proposed at the corner of Booth-street and York-street, Chorlton-on-Medlock, which is sufficiently near to the Athenæum and other public institutions; and an elevation of the building is now in exhibition of water-colour drawings, in the Hall of the Manchester Royal Institution. We have seen the plans of the building which, with the elevation, are from designs by Mr. Edward Hall, Architect of London.

**KENSINGTON WORKHOUSE COMPETITION.**—After our paper was made up, we received a letter from Mr. Blore, denying the truth of the statement made last week, and asserting with singular temerity, that so far from the guardians having revoked their decision, he "declined proceeding, for reasons explained to the board, and well understood in the parish, and having no reference to the estimate, or the practicability of the design." We shall take the liberty of making a few more inquiries into the matter.

## NOTICES OF CONTRACTS, &amp;c.

The authorities of the Stamp Office having given us notice to discontinue the insertion of our list of contracts, &c., excepting as advertisements, we have in deference to their wishes, omitted them for the present, but have taken steps to place the facts of the case properly before them, and, as we hope, remove their objections. In the meantime a list may be seen at our office.

When it is understood by the Board that our list is simply an index to advertisements, which, having appeared in other papers, have paid duty, and are inserted solely for the convenience of our readers, and not for the benefit of advertisers, or for our own profit, excepting so far as results from increasing the usefulness of our paper, we are disposed to think the objection, even if it can be legally maintained, will be withdrawn.

The First Monthly Subscription will be payable on Monday, November 2nd, 1816, at the Marylebone Literary Institution, 17, Edwards-street, Portman-square; and on Friday, November 8th, at the Southwark Literary Institution, Borough-road, from half-past 8 till half-past 9 o'clock, each evening. Attendance will be given on Monday evenings, at the Marylebone Institution, and on Friday evenings at the Southwark Institution, from 7 to 9 o'clock evening, to enrol Shareholders and answer inquiries.

The number of shares already enrolled induces the Directors to announce, that on Friday evening, November 6, ONE THOUSAND POUNDS will be offered to Competition at the Southwark Institution. Persons taking shares previously to that time, will be eligible to bid for the same, or any portion they may require.

For list of Directors, &c., see prospectus, which may be obtained by sending a postage stamp to the Secretary, Mr. W. LAWLEY, 6, Red Lion-street, Borough; or of the Secretary, Mr. JAMES SPARS, 17, Trafalgar-street, Watworth.

## HOLBORN and FINSBURY SEWERS, MIDDLESEX.

**THE COMMISSIONERS OF SEWERS** for the LIMITS give NOTICE, that their Office, Hatton Garden, is open daily between the hours of Ten and Four, where information can be obtained, gratis, by persons about to purchase or erect Houses or Property, or take Land for Building purposes, of the situation and level of the public Sewers, capable of affording sufficient Drainage, and which they recommend all such Persons to apply for at the above Office.

By the Court,  
STABLE and LUSH, Clerks.

Sewers' Office for Holborn and Finsbury Divisions, &c., No. 7, Hatton-garden.

## TO BUILDERS and OTHERS.

Interested in buildings, or in ground for building upon, within the district of Holborn and Finsbury Divisions, Mr. W. LAWLEY, 6, Red Lion-street, Borough, and the Liberty of Norton Folgate, in the County of Middlesex, and the borders and confines of the same.

**THE COMMISSIONERS of Sewers for the** above limits DO HEREBY GIVE NOTICE, that previous to making any new sewer in any street, lane, or public way, or in any part intended to become a street, lane, or public way, or to carry or drain off water from any house, building, yard, or ground, into any sewer under their management, or within their jurisdiction, application must be made by petition, the form of which may be had at their Office, to which must be attached a plan of the intended line of sewer, and which must be constructed conformably with their regulations.

And, in order to prevent the serious evils and inconveniences that must arise from ground proposed to be built upon being excavated to too great a depth, the Commissioners have directed that, upon application being made at their Office, previous to the excavation of such ground, information shall be given as to the lowest depth at which the same can be drained.

And the Commissioners do also give notice, that whenever the lowest floors or pavements of buildings shall have been laid so low as not to admit of their being drained with a proper current, they will not allow any sewers, or drains into sewers, to be made for the service of such buildings. And further, that no buildings or erections of any kind will be permitted to be made upon or over any sewer.

All communications made with any sewer, without previous application, as aforesaid, will be stopped out, and the parties making the same will subject themselves to a fine.—By the Court,

STABLE and LUSH, Clerks.

\* \* The public is also informed, that all rates imposed by the said Commissioners are to be paid by the tenant, and allowed by the landlord out of the rent, except where the tenant, by special covenant or agreement, is bound to defray the same.

## COURT OF SEWERS FOR WESTMINSTER, AND PART OF MIDDLESEX, No. 1, Great-street, Notting-square.

**TO BUILDERS and Others interested in** buildings or in ground for building upon, within the district under the jurisdiction of this Court, drained by water-courses falling into the river Thames, between the city of London and the parish of Fulham.

The Commissioners hereby give notice, that by an Act of the 47th Geo. III. (chap. 7, local) it is required that, previous to the making of any new sewer in any street, lane, or public way, or in any part intended to become a street, lane, or public way, or to carry or drain off water from any house, building, yard, or ground, into any sewer under their management, or within their jurisdiction, a notice in writing shall be given to them, or to their clerk at their Office, and that such new sewer or sewers shall be constructed and made in such manner and form as shall be directed by the said Commissioners, and not otherwise.

And, in order to prevent the serious evils and inconveniences that must arise from ground proposed to be built upon being excavated to too great a depth, the Commissioners have directed that, upon application being made at their Office previously to the excavation of such ground, information shall be given as to the lowest depth at which the same can be drained.

And the Commissioners do also give notice that, whenever the lowest floors or pavements of buildings shall have been laid so low as not to admit of their being drained with a proper current, they will not allow any sewers, or drains into sewers, to be made for the service of such buildings.

It is recommended to all persons about to purchase or take houses, or other premises, to ascertain whether such premises have separate and distinct drains into common sewers.

All petitions must be delivered at this Office at least three clear days before they are presented to the Commissioners, and all such petitions will be called on in the order of their application, and the name of any party not present when called on to support the application will be struck out, and the proceedings must in consequence be commenced de novo.

All communications made with any sewer without leave of the Commissioners will be cut off, and the parties making the same will subject themselves to a fine.

The provisions of the Metropolitan Buildings Act (7 and 8 Victoria, c. 81) do not supersede the authority of the Commissioners of Sewers in the above respects, but their powers are expressly reserved, and their regulations made subservient to the purposes of the Act. The execution of such works, under the superintendence of the district surveyor alone, cannot therefore warrant the making of any sewers or drains within this commission, nor relieve the parties making them from the penalties above mentioned.

By order of the Court,

LEWIS C. HERTSLEY, Clerk.
